FROM: J. Rick Leone
DATE: July 14, 2008
SUBJ: Forged Steel Valves RPC-05

Effective August 18, 2008, the following price increase will be effective:

- Forged Steel Valves RPC-05. This is a weighted average increase as follows:
 - Commodity Valves: 15% over RPC-04
 - Special Valves (Alloy and Stainless): 5% over RPC-04

This increase is precipitated by rising steel, energy, and transportation costs and will be reviewed again at the end of the year. Acceptance of order quantities will be based upon past purchasing history.

Price Sheets may be downloaded directly from our website (www.rpc-valve.com) within the next few weeks. Also, hard copies of this price sheet will be mailed out when available.

All other related terms and conditions remain unchanged.

Once again, thank you for your continued support on all our product lines and if you should have any questions or comments, please do not hesitate to contact me at (888) 231-0655 ext. 2413.

Sincerely,

J. Rick Leone
Executive Vice President
